- The Charter of the Federal State Budgetary Educational Institution of Higher Education «Tomsk State Pedagogical University»;

- Other normative documents regulating admission to higher education institutions of the Russian Federation.

I. General provisions

1. These Admission Rules for educational programs at the Bachelor's, Specialist, and Master's degree levels (hereinafter referred to as the Admission Rules) govern the admission process for citizens of the Russian Federation, foreign citizens, and stateless persons (hereinafter referred to as applicants) to study under Bachelor's, Specialist, and Master's degree programs at the federal university of the Russian Federation.

2. TSPU announces admissions to Bachelor's, Specialist, and Master's degree programs (hereinafter referred to as admissions, educational programs) based on the availability of a license to conduct educational activities in the respective areas and educational programs, unless otherwise stipulated by federal laws.

3. TSPU announces admission to Bachelor's degree programs, Specialist degree programs, Master's degree programs for the academic year 2024-2025 according to Appendices No. 1-5.

4. Individuals who have education of the appropriate level, confirmed by a certificate, are allowed to master educational programs:

- when enrolling in Bachelor's and Specialist programs - a document on secondary general education, or a document on secondary vocational education and qualification; or a document on higher education and qualification;

- when enrolling in Master's degree programs - a document of higher education and qualification.

Education of the appropriate level shall be confirmed by the following document (hereinafter - the document of a standard form):

- a document on education or on education and qualifications of the sample established by the federal executive body that performs the functions of elaborating state policy and normative-legal regulation in the sphere of general education, or by the federal executive body that performs the functions of elaborating state policy and normative-legal regulation in the sphere of higher education, or by the federal executive body that performs the functions of elaborating state policy and normative-

legal regulation in the sphere of higher education, or by the federal executive body that performs the functions of elaborating state policy and normative-legal regulation in the sphere of higher education¹.

a document specified in the regulation must be of the state standard and pertain to the level of education achieved before January 1, 2014. This includes documents verifying completion of initial vocational education, which confirms attainment of secondary (complete) general education. Additionally, documents attesting to initial vocational education acquired on the basis of secondary (complete) general education are considered equivalent to documents certifying secondary vocational education and qualifications²;

a document on education and qualifications must adhere to the established sample by the federal state budgetary educational institutions such as «Moscow State University named after M.V. Lomonosov» or «St. Petersburg State University». Alternatively, it can be a document with the education and qualifications sample set by the decision of the collegial governing body of the educational organization, specifically the document of education and qualifications sample. This applies if the individual has successfully completed the state final certification³

a document on education or education and qualifications issued by a private organization carrying out educational activities on the territory of the Skolkovo Innovation Center, or provided for by the following documents part 3 of Article 21 Federal Law dated July 29, 2017. N 216-FZ «On innovative scientific and technological centers and on amendments to certain legislative acts of the Russian Federation» by organizations carrying out educational activities on the territory of the innovative scientific and technological center⁴ ;

document (documents) of a foreign state on education or education and qualifications, if the education indicated therein is recognized in the Russian Federation on the basis of the level of relevant education (hereinafter referred to as a foreign state document on education).

5. Admission for the first year of enrollment.

6. Admission to training is conducted on a competitive basis.

6.1 Admission to study under Bachelor's degree programs and Specialist programs is carried out:

1) within the framework of the admission quotas for the admission of citizens for training at the expense of budgetary allocations of the federal budget (hereinafter referred to as the admission quotas, budgetary allocations, respectively):

a) for places within the admission quota for target training (hereinafter - target quota);

b) for places within the quota of admission to study under Bachelor's degree programs, Specialist programs at the expense of budget allocations of individuals who have a special right to admission within the quota (hereinafter referred to as special quota), which is established by TSPU in the amount of not less than 10% of the volume of admission quotas for each specialty or field of study;

c) for places within a separate quota for admission to Bachelor's degree programs, Specialist programs at the expense of budget allocations (hereinafter referred to as the separate quota), which is

N 216-FZ «On innovative scientific and technological centers and on amendments to certain legislative acts of the Russian Federation» (Collected Legislation of the Russian Federation, 2017, N 31, Art. 4765).

established by TSPU in the amount of not less than 10% of the volume of admission quotas for direction of training,

d) for places within the admission quotas minus places within the target quota, special quota and separate quota (hereinafter, respectively - main places within the admission quotas, places within the quotas);

2) for places for training under agreements on education, concluded at the time of admission to training at the expense of individuals and/or legal entities (hereinafter referred to as agreements on paid educational services).

6.2 Admission to training on Bachelor's degree programs and Specialist programs is carried out:

1) for the places specified in subparagraphs «a», «b» and «d» of subparagraph 1 and subparagraph 2 of paragraph 6.1. Admission Rules:

according to the results of the Unified State Examination (hereinafter - USE), which are recognized as the results of entrance tests, and (or) according to the results of entrance tests conducted by TSPU independently in cases established by the Admission Procedure;

without entrance tests in accordance with Part 4 and (or) 12 of Article 71 of Federal Law No. 273-FZ;

2) for the places specified in subparagraph «c» of subparagraph 1 of paragraph 6.1. Admission Rules:

based on the results of entrance tests conducted by TSPU independently, and (or) based on the results of the USE;

without conducting entrance tests in accordance with part 5.2 of Article 71 of Federal Law No. 273-FZ (except for additional entrance tests of creative and (or) professional orientation).

6.3 Admission to Master's degree programs is based on the results of entrance tests, which are determined by TSPU independently.

6.4. TSPU establishes the priority of entrance tests for ranking the lists of applicants (hereinafter - priority of entrance tests) according to Appendices No. 1, 3, 4.

For each admission test, the following should be set:

the maximum number of points;

the minimum number of points confirming successful completion of the entrance test (hereinafter - the minimum number of points).

7. TSPU holds a competition for admission under the following admission conditions (hereinafter - admission conditions):

1) for TSPU as a whole;

2) separately for full-time, part-time, and correspondence forms of education;

3) separately, in accordance with the profile of educational programs:

a) competition within a specialty or training direction (hereinafter - single-profile competition) in accordance with the paragraph 8 of the Admission Rules;

b) competition in a given profile or in several areas of training within an enlarged group of specialties or areas of training (hereinafter, respectively, a multidisciplinary competition; specialties or areas of training included in the competition; an enlarged group) in accordance with paragraph 9 of the Admission Rules;

4) separate:

a) Within the admission quotas;

b) under agreements on the provision of paid educational services;

5) within the framework of admission quotas separately:

a) For places within the target quota;

b) for seats within a special quota;

c) for places within a separate quota;

d) for the main places within the admission quotas.

7.1 For each set of admission conditions specified in paragraph 7 of the Admission Rules, TSPU holds a separate competition.

7.2 If the number of available places within the set quotas is insufficient to fulfill the required allocations completely, TSPU independently allocates quotas, including one or more combined quotas, which may belong to two or three different quotas (hereinafter referred to as combined quotas). The allocation of a combined quota (or quotas) occurs when all spots within the admission quotas are utilized as spots within the quotas. A separate competition is held for the places within the combined quota, open to individuals who are simultaneously eligible for admission to programs within each individual quota to which the places within the combined quota belong.

If after the allocation of quotas, the number of basic places within the admission quotas equals zero, enrollment for these places shall be carried out in the case of unfilled places within the quotas.

8. Single-profile competition is specified in subparagraph «a» of subparagraph 3, paragraph 7. The admission procedure is conducted in the following ways:

- 1) according to the specialty or direction of training as a whole;
- 2) according to one or several educational programs within the specialty or direction of training (hereinafter - single-profile educational programs).

9. The multidisciplinary competition specified in subparagraph «b» subparagraph 3, paragraph 7, Admission Rules, is held if the admission quotas are set for the enlargement group, as well as if the admission quotas for the relevant specialties or areas of training are not set.

The multi-disciplinary competition is conducted in the following ways:

- 1) by specialty or by several areas of training within the enlarged group;
- 2) in several single-profile educational programs in a specialty or in different areas of training within the enlarged group;
- 3) by the educational program (programs) formed by specialty or areas of training within the enlarged group.

TSPU may hold a unified competition for the educational programs specified in subparagraphs 2 and 3 of this paragraph.

When conducting a multi-disciplinary competition for Bachelor's degree programs and Specialist programs, TSPU establishes:

- a special quota - not less than 10% of the total volume of admission quotas for the specialty or training areas included in the competition;
- a separate quota - not less than 10% of the total volume of admission quotas for the specialty or training areas included in the competition.

10. TSPU may use different ways of conducting single-subject and (or) multi-subject competition under different admission conditions.

11. For all competitions falling under the same admission condition specified in subparagraph 3 of paragraph 7 Admission Rules, the same list of admission tests, the minimum number of points, the maximum number of points, special rights are established, as provided by parts 4 and 12 of article 71 Federal Law N 273-FZ⁵, as well as special advantages, except for the case specified in the second paragraph of this paragraph.

TSPU or its founder may establish a different minimum number of points for various admission requirements specified in subparagraphs 1 and (or) 4 of paragraph 7 of the Admission Rules.

12. TSPU independently establishes admission deadlines, except for the following deadlines, which are established by TSPU in accordance with this paragraph:

- 1) During admission to Bachelor's degree programs and Specialist programs within the framework of admission quotas for all forms of education:

II. The list and forms of entrance tests for Bachelor's degree programs and Specialist programs

15. When establishing the list of entrance tests for individuals applying for study on the basis of secondary general education, TSPU:

1) establishes entrance tests on general education subjects for which the USE is conducted (hereinafter, respectively, general education entrance tests, subjects), in accordance with the order of the Ministry of Science and Higher Education of the Russian Federation dated August 6, 2021 N 722 «On Approval of the list of entrance tests for admission to higher education programs - Bachelor's degree programs and Specialist programs»⁶ (hereinafter - the list of tests established by the Ministry of Science and Higher Education of the Russian Federation):

one entrance test in accordance with section 1 of the list of tests established by the Ministry of Education and Science of Russia;

one entrance test in one subject, in accordance with column 1 of section 2 the list of tests established by the Ministry of Education and Science of the Russian Federation;

one or two entrance tests in accordance with column 2 of section 2 the list of tests established by the Ministry of Education and Science of the Russian Federation.

For each entrance test conducted in accordance with column 2 of section 2 of the list of tests established by the Ministry of Education and Science of Russia, TSPU establishes one or more subjects (hereinafter referred to as «elective subjects»). In cases where the entrance test has elective subjects, applicants choose one or more subjects.

Within one competition, one subject may correspond to only one general education entrance test.

The results of the Unified State Exam, evaluated on a 100-point scale, are used as the results of general education entrance tests.

When establishing an entrance test in a foreign language, TSPU establishes one or more foreign languages for which applicants may use the results of the USE;

2) at admission within the admission quotas TSPU may establish 1 - 3 additional creative and (or) professional entrance tests according to the list of creative and (or) professional additional admission tests for admission to undergraduate and Specialist programs, approved by the order of the Ministry of Education and Science of the Russian Federation, dated September 19, 2013 N 1076⁷, for specialties and areas of training included in the list of specialties and (or) areas of training, for which additional creative and (or) professional entrance tests may be conducted during admission to Bachelor's and Specialist's degree programs funded by the federal budget, are determined by the order of the Ministry of Education and Science of the Russian Federation dated January 17, 2014, N. 21⁸ taking into account the amendments by orders of the Ministry of Education and Science of the Russian Federation dated July 30, 2014 N 862⁹, dated October 13, 2015 N 1142¹⁰, as well as by order N. 644¹¹ of the Ministry of Science and Higher Education of the Russian Federation dated August 21, 2019.

3) at admission to training under agreements on the provision of paid educational services TSPU may establish additional creative and (or) professional admission tests in accordance with the following list of additional creative and (or) professional admission tests to undergraduate and Specialist programs, approved by the order of the Ministry of Education and Science of the Russian Federation dated September 19, 2013 N 1076¹²;

When conducting one or more additional entrance tests of creative and (or) professional orientation, TSPU may establish two general education entrance tests, one of which is established in

accordance with section 1 of the list of tests established by the Ministry of Education and Science of Russia.

16. TSPU independently determines the form and list of entrance tests for applicants on the basis of secondary vocational or higher education (hereinafter - application on the basis of professional education)¹³, while:

for each general education entrance test established in accordance with subparagraph 1 of paragraph 15 Admission Rules, TSPU establishes a corresponding entrance test for applicants based on professional education (hereinafter - entrance test on the basis of professional education) and conducts entrance tests on the basis of professional education, except for the case specified in paragraph seven of this paragraph;

conducts additional entrance tests for applicants based on vocational education, which are established in accordance with paragraph 15 of the Admission Rules.

For individuals applying on the basis of secondary vocational education, TSPU:

conducts a general education entrance test in Russian as an entrance test on the basis of professional education in Russian;

TSPU determines additional admission tests based on vocational education in alignment with the content of educational programs of secondary professional education. These programs are associated with Bachelor's degree programs and specialized programs for which admission is conducted. TSPU determines the relevance of these educational programs;

TSPU has the authority to decide whether the Unified State Exam (USE) will serve as the form of entrance test for professional education or if such entrance tests will not be conducted.

For individuals applying on the basis of higher education, TSPU determines entrance tests based on professional education in the same subjects as those for general education entrance tests, and/or entrance tests with different content.

TSPU may conduct several different variants of the entrance test on the basis of professional education. The applicant passes each entrance test on the basis of professional education once.

Applicants on the basis of professional education take entrance tests on the basis of professional education conducted by TSPU independently (regardless of whether they participated in the USE), and (or) use the results of the USE for the corresponding general education entrance tests.

17. Entrants specified in this paragraph may take general education entrance tests conducted by TSPU independently (including those entering on the basis of professional education):

1) regardless of whether the entrant participating in the USE:

a) Persons with disabilities (including children with disabilities);

b) foreign residents¹⁴ ;

2) on those subjects in which the entrant did not pass the USE in the current calendar year if the entrant received a document on secondary general education in a foreign organization.

Entrants specified in this paragraph may use the results of the USE (if any) along with passing general education entrance tests conducted by TSPU independently.

Entrants on the basis of secondary vocational education, who have the right to take the entrance test in Russian language in accordance with this paragraph and paragraph 16 of the Admission Rules, take this entrance test once.

17.1. Citizens of the Republic of Belarus have the right to use the results of centralized testing and/or centralized examination conducted in the Republic of Belarus and passed by applicants in the current or preceding calendar year (hereinafter - centralized testing (examination)). (Article 18 The Treaty between the Russian Federation and the Republic of Belarus of December 8, 1999 «On the Creation of the Union State» (Collection of Legislation of the Russian Federation, 2000, N 7, Art. 786), ratified by the Federal Law of January 2, 2000, No. 25-FZ «On Ratification of the Treaty on the Creation of the Union State» (Collection of Legislation of the Russian Federation, 2000, No. 2,

¹⁴ Part 5 of Article 70 Federal Law of December 29, 2012, N 273-FZ "On Education in the Russian Federation" (Collected Legislation of the Russian Federation, 2012, N 53, Art. 7598; 2018, N 32, Art. 5130).

Art. 146). The Treaty entered into force for the Russian Federation on January 26, 2000), Article 4 Treaty between the Russian Federation and the Republic of Belarus of December 25, 1998 «On Equal Rights of Citizens» (Collected Legislation of the Russian Federation, 1999, N 47, Art. 5625), ratified by Federal Law No. 89-FZ of May 1, 1999 «On Ratification of the Treaty between the Russian Federation and the Republic of Belarus on Equal Rights of Citizens» (Collected Legislation of the Russian Federation, 1999, No. 18, Art. 2215). The Treaty entered into force for the Russian Federation on July 22, 1999) The results of centralized testing (exam) are recognized by TSPU as the results of general education entrance tests conducted by TSPU, if the applicant did not pass the USE in the corresponding general education subject in the year in which the centralized testing (exam) was taken. The procedure for recognizing the results of centralized testing (exam) as the results of general education entrance tests is established by TSPU.

18. The highest result among the entrance tests available to the entrant and not lower than the minimum number of points is considered as the result of the entrance test in accordance with what is established on the basis of paragraphs 15 - 17.1 Admission Rules and lists and forms of entrance tests.

19. When conducting the multidisciplinary competition TSPU:

establishes general educational entrance tests in subjects corresponding to the specialty or areas of training included in the competition;

may establish additional entrance tests if there is a right to conduct them in the specialty or areas of training included in the competition.

20. The maximum number of points for each entrance test for Bachelor's degree programs and Specialist programs is 100.

The minimum number of points for the general education entrance test conducted independently by TSPU corresponds to the minimum number of points for the USE established by the founder of TSPU in accordance with part 3 of Article 70 Federal Law N 273-FZ. The minimum number of points for an additional entrance test on the basis of professional education is established by TSPU independently, according to Appendices No. 1, 3 and 4.

If the information regarding the document of the established format is not confirmed in the Federal Register (FRDO), or if information regarding another document is not confirmed by the data available on the State portal or in other state information systems, the applicant must submit the document in accordance with the provisions of the first paragraph of this section.

Entrants may, at their discretion, choose to submit either copies or originals of documents of the established format, provided that the information is confirmed in the Federal Register (FRDO). Similarly, they may submit either copies or originals of other documents, provided that the information is confirmed by data available on the State portal or other state information systems.

51. The application for admission shall be submitted in Russian.

Documents executed in a foreign language shall be translated into Russian unless otherwise provided for by an international treaty of the Russian Federation.

Documents obtained in a foreign country must be legalized unless otherwise specified by an international treaty of the Russian Federation or by Russian Federation legislation²⁷.

52. Documents required for admission are submitted (sent) by the applicant to TSPU by one of the following methods:

- 1) in person by the applicant;
- 2) sent to TSPU through public postal service operators;
- 3) sent to TSPU in electronic form via the organization's electronic information system, as well as via the State portal (if used).

TSPU provides the possibility of submitting (sending) documents required for admission by all the specified methods (through the State portal - if it is used).

TSPU sets up locations for receiving documents submitted in person by applicants and establishes deadlines for accepting documents at these locations.

If the documents required for application are submitted to TSPU personally by the applicant, the applicant shall be given a receipt for acceptance of documents.

52.1. In case of using the State portal for submitting documents required for admission, TSPU

²⁶ Collection of Legislation of the Russian Federation, 2012, N 53, Art. 7598; 2019, N 40, Art. 5488.

²⁷ Part 2 of Article 6 Federal Law of May 5, 2014, N 84-FZ «On peculiarities of legal regulation of relations in the field of education in connection with the admission to the Russian Federation of the Republic of Crimea and the formation in the Russian Federation of new entities - the Republic of Crimea and the city of federal significance Sevastopol and on amendments to the Federal Law "On Education in the Russian Federation"» (Collected Legislation of the Russian Federation, 2014, N 19, Art. 2289; 2019, N 30, Art. 4134).

has the right not to accept said documents via the TSPU electronic information system.

53. TSPU shall verify the reliability of the information specified in the application for admission and the authenticity of the submitted documents, including by referring to the relevant state information systems, state (municipal) bodies, and organizations.

54. At any stage of the enrollment process, the applicant has the right to submit an application for withdrawal of the original document of the established format (undo their confirmation on State portal website indicating that they have submitted the original document of the prescribed format to TSPU) (hereinafter - withdrawal of the original), as well as an application for the withdrawal of submitted documents (hereinafter - withdrawal of documents). The applicant also maintains the right to submit an application to decline enrollment.

If the original document is withdrawn, the applicant is not excluded from the list of persons who have submitted documents or from the list of applicants. In case of withdrawal of documents, the applicant is excluded from the list of persons who submitted documents to TSPU, from the list of applicants to TSPU, and is not subject to enrollment at TSPU (excluded from the number of enrolled). In case of refusal of enrollment, the applicant is excluded from enrollment.

An applicant enrolled for places within the admission quotas and wishing to withdraw the original document must submit an application for withdrawal of the original with the simultaneous submission of an application for refusal of admission.

55. Before the deadline for admission to places within the admission quotas under specific admission conditions outlined in subparagraphs 1 - 3 of paragraph 7 of the Admission Rules, the submitted documents or the original document of the established format shall be returned to applicants when they personally submit an application for the withdrawal of documents or the withdrawal of the original document accordingly to TSPU:

if the application is submitted at least 2 hours before the end of the working day, the documents will be returned within two hours after the submission of the application;

If the application is submitted less than 2 hours before the end of the working day, the documents will be returned within the first two hours of the next working day.

56. After the expiration of the period specified in paragraph 55 of the Admission Rules, the submitted documents, including any originals, or the original document of the established format, are returned to the applicant within one working day after TSPU receives the application for the withdrawal of documents or withdrawal of the original. If it is not possible to return the said originals, they will be kept in storage at TSPU.

56.1 When applying for admission via the State portal, the applicant's personal file is formed in electronic and (or) paper form on the basis of information and (or) documents received by TSPU from the State portal and (or) submitted by the applicant by other means.

IX. Entrance tests conducted by TSPU independently

57. TSPU shall independently conduct:

additional entrance tests;

entrance tests on the basis of vocational education (except for entrance tests for applicants for training on the basis of secondary vocational education, in this case, TSPU uses the results of the Unified State Exam);

general education entrance tests for persons specified in cl. paragraph 17 of the Admission Rules;

general education entrance tests for admission to places within a separate quota;

admission tests for admission to Master's degree programs.

The results of entrance tests conducted by TSPU independently are valid for admission for the next academic year.

The applicant takes each entrance test specified in this paragraph only once. In cases where multiple subjects are set for the general education entrance test, the applicant may take the entrance test once for each subject.

58. Entrance tests are conducted in Russian, and also by decision of TSPU - in a foreign

language.

When applying for admission to Master's degree programs involving foreign language(s), TSPU establishes that the entrance test(s) shall be conducted in Russian and in the foreign language(s) or only in the foreign language(s).

If the entrance examination is conducted in several languages, the applicant chooses one of the languages.

59. When independently conducting an entrance test in a foreign language for admission to Bachelor's degree programs and Specialist programs, TSPU administers an entrance test in one or more foreign languages among those for which the Unified State Exam (USE) is conducted. In the case of an entrance test in multiple foreign languages, the applicant selects one of the languages.

60. TSPU conducts entrance tests in person and (or) using remote technologies (provided that entrants are identified when taking entrance tests).

61. The admission test may be held either simultaneously for all applicants or at different times for different groups of applicants, including the formation of these groups based on individuals who have submitted the required documents.

For each group of applicants, one entrance test is scheduled per day. However, upon request, an applicant may be given the opportunity to take more than one entrance test per day.

62. Persons who did not pass the entrance test for a valid reason (illness or other circumstances confirmed by documents) are allowed to take the entrance test in another group or on a reserve day.

63. If an entrant violates the Rules of Admission approved by TSPU during the entrance test, authorized TSPU officials will prepare a report documenting the violation and the entrant's failure to complete the entrance test without a valid reason. Additionally, if the entrance test is conducted in person, the entrant may be removed from the test venue.

64. The results of the admission test are announced on the official website no later than the third working day after the admission test. In addition to the official website, TSPU may announce these results by other means determined by TSPU.

After the announcement of the results of the written entrance test, the applicants have the right, on the day of the announcement of the results or during the next working day, to review the results of the verification and evaluation of their work conducted during the entrance test.

65. According to the results of the entrance test conducted independently by TSPU, the applicant has the right to appeal to TSPU regarding any perceived violations of the established procedure for conducting the entrance test and/or any disagreement with the assessment of the entrance test results obtained.

The rules for filing and reviewing appeals shall be established by TSPU.

X. Specifics of Entrance Tests for Individuals with Disabilities and Special Needs

66. When conducting entrance examinations for entrants with disabilities (hereinafter - applicants with disabilities), TSPU ensures the creation of conditions that consider the unique psychophysical development, individual capabilities, and health status of the entrants (referred to hereafter as special conditions or individual characteristics).

67. When conducting entrance examinations in person, TSPU provides unimpeded access for applicants with disabilities to classrooms, restrooms, and other facilities, as well as their accommodation in these areas. This includes providing facilities such as ramps, elevators, handrails, widened doorways, and locating examination rooms on the first floor of buildings in the absence of elevators.

68. Full-time entrance examinations for applicants with disabilities are held in a separate auditorium.

The number of applicants with disabilities in one classroom shall not exceed:

when taking the entrance test in written form - 12 people;

when taking the entrance test in oral form - 6 people.

The presence of multiple entrants with disabilities in the examination room during the entrance test is allowed. Additionally, entrance tests for applicants with disabilities may be conducted in the

same room as other entrants, provided that it does not pose any difficulties for the entrants during the examination.

It is allowed to have an assistant from among TSPU employees or involved persons in the auditorium during the entrance examination, providing applicants with disabilities with the necessary technical assistance taking into account their individual characteristics (taking a seat, moving around, reading and completing tasks, and communicating with the examination personnel).

69. The duration of the entrance test for applicants with disabilities is increased by the decision of TSPU, but not more than 1.5 hours.

70. Applicants with disabilities shall be provided with information on the procedure for conducting entrance examinations in a form accessible to them.

71. Applicants with disabilities may use the technical means necessary for them due to their individual characteristics while taking the entrance test.

72. When conducting entrance examinations, the following additional requirements are provided, depending on the individual characteristics of entrants with disabilities:

1) for the blind:

The tasks to be completed at the entrance examination are prepared either in Braille or in the form of an electronic document accessible by a computer equipped with specialized software for the blind. Alternatively, an assistant may read out the tasks to the applicant.

Written tasks are completed either on paper in Braille, on a computer with specialized software for the blind, or dictated to an assistant;

In the case of face-to-face entrance examinations, applicants are provided with a set of tools and paper for writing in Braille, a computer with specialized software for the blind;

2) for the visually impaired:

individual uniform illumination (at least 300 lx) shall be provided;

If necessary, applicants are provided with a magnifying device to work on the assignment (in the case of in person entrance examinations), such applicants may also use their own magnifying devices;

the assignments and the instructions on the admissions test procedure shall be typed in a magnified font;

3) for the deaf and hearing-impaired;

the availability of sound-amplifying equipment for collective use is provided, if necessary, sound-amplifying equipment for individual use is provided to the entrants (during the entrance examinations in person);

sign language interpreter services are available;

4) for the deaf-blind, the services of a tactile interpreter shall be provided (in addition to the requirements for the blind and deaf, respectively);

5) for persons with severe speech impairments, deaf and partially sighted persons may choose to take all admissions tests in written form; (additional creative and (or) professional entrance tests for admission to Master's degree programs — by decision of TSPU);

6) for persons with musculoskeletal disorders (severe upper limb motor disorders or absence of upper limbs):

written assignments are performed on a PC with specialized software or dictated to an assistant;

such applicants may choose to take all admissions tests orally (additional creative and (or) professional entrance tests for admission to Master's degree programs - by decision of TSPU);

73. The conditions described in paragraphs 67 - 72 of the Admission Rules are provided to the applicant based on an application for admission. This application should include information about the necessity of creating special conditions for the applicant during entrance examinations due to their disability or special needs, along with a document confirming the disability or special needs that require the creation of these conditions.

XI. Formation of Ranked Lists of Applicants and Enrollment

74. Based on the accepted document and results of the admission tests (if any), TSPU forms a

separate ranked list of applicants for each competition, hereinafter referred to as the competitive list. These competitive lists are published on the official website and on the State portal if it is used. They are updated daily until the issuing of the order(s) on admission to the respective competition, at least 5 times a day between 9 a.m. and 6 p.m. local time (at the discretion of TSPU, updates may continue until later).

75. The competitive list (except for the competitive list of applicants for places within a separate quota) includes:

4) in case of admission to training within the framework of the admission quotas - availability of the original document of the established sample submitted to TSPU (applicants' confirmation on the State portal that they have submitted the original document of the established format to TSPU);

5) in case of admission for training under agreements on paid educational services - availability of a signed agreement on paid educational services at TSPU;

The surname, first name, patronymic (if any) of the entrants shall not be indicated in the competitive list;

6) Enrollment Priority.

79.1 The surname, first name, patronymic of the entrants shall not be indicated in the competition list.

80. Enrollment is carried out in accordance with the enrollment priorities specified in the application(s) for admission, according to the competitive lists, until the established number of places is filled.

³⁰ Collection of Legislation of the Russian Federation, 2012, N 53, Art. 7598; 2019, N 40, Art. 5488.

³¹ Collection of Legislation of the Russian Federation, 2012, N 53, Art. 7598; 2019, N 40, Art. 5488.

Enrollment is carried out in one or more stages by the decision of TSPU (except for the stages specified in paragraph 84 of the Admission Rules). At each stage of enrollment, TSPU establishes the periods during which applicants should confirm on the State portal website that they have submitted the original document of the established format to TSPU, as well as deadlines for conclusion of agreements on the provision of paid educational services (hereinafter - the day of original submission via the State portal and acceptance of the original).

The applicant for places within the admission quotas is enrolled according to the highest priority of enrollment, which they pass in the competition for these places. For Bachelor's degree programs and Specialist programs, this is done in accordance with paragraph 84 of the Admission Rules. For Master's degree programs, enrollment follows the rules established by TSPU.

The applicant for places within paid educational services is enrolled according to one or more enrollment priorities. Enrollment in places for training under agreements on paid educational services is conducted independently of enrollment in places within the admission quotas.

81. The applicant for training within the framework of the admission quotas is subject to enrollment in accordance with paragraph 80 of the Admission Rules if, as of the date of completion of marking of the original and acceptance of the original, the conditions specified in one of the subparagraphs of this paragraph are met:

1) information on the document of the established sample is confirmed by information from the FRDO or TSPU, and there is a mark on the State portal about submission of the original document of the established sample to the TSPU (hereinafter - mark about submission of the original via the State portal);

2) TSPU has the original document of the established sample submitted by the entrant in case of failure to submit a statement of consent to the processing of his/her personal data.

3) for Master's degree programs - TSPU has a document of the established sample submitted by the entrant, or there is a mark made by the entrant in the information system of TSPU about submission of the original document of the established sample to TSPU.

82. Applicants for training under agreements on paid educational services are subject to enrollment in accordance with paragraph 80 of the Admission Rules, if as of the date when applicants confirmed on the State portal website that they submitted the original document of the established format to TSPU and acceptance of the original documents by the university, the following conditions specified in one of the subparagraphs of this paragraph are met:

1) the information about the document of the established sample is confirmed by information from FRDO or TSPU, and TSPU has concluded agreement on paid educational services provision

2) TSPU has a certified copy of the document of the established sample (copy certified by TSPU on the basis of the original presented by the entrant) and the concluded agreement on paid educational services;

3) for Master's degree programs - TSPU has concluded agreement on provision of paid educational services.

82.1. On deadlines when the original document is allowed to be submitted through the State portal, the applicants may confirm on the State portal website that they submitted the original document of the established format to TSPU, as well as submit the original or a copy of the document of the established format, conclude an agreement on the provision of paid educational services within the time period established by TSPU (except for the time specified in subparagraph 3.1 of paragraph 84 Admission Rules).

If the applicants submitted an application for admission via the State portal, they can confirm on the State portal website that they submitted the original document of the established sample, or do it in person or via a public postal operator. If the applicants have submitted an application for admission in person or through a public postal service operator, or through the TSPU electronic information system, they may submit to TSPU the original document of the established sample in person or through a public postal service operator, or via the State portal website (if they have submitted to TSPU the insurance number of the individual personal account and consent to transfer information to the State portal when submitting the application for admission).

If the applicant submits the original document of the established sample to any organization, the confirmation on the State portal website is considered invalid.

The original document of the established sample submitted by the applicant to TSPU (the confirmation on the State portal website) applies to all admission conditions specified in the application(s) for admission.

In the case of admission to places within the admission quotas, enrollment is conducted under the condition that, as of the date of issuance of the enrollment order, the applicant has not withdrawn the original document of the prescribed format submitted to TSPU (or confirmed via the State portal website).

83. Enrollment is formalized by the order (orders) of TSPU on enrollment.

84. At admission to training within the framework of the admission quotas for Bachelor's degree programs and Specialist programs for all forms of education:

1) All competition lists are published on July 27;

2) Enrollment shall be conducted in 2 stages:

July 28 - 30 the stage of priority enrollment is held, which enrolls persons entering without entrance tests in accordance with Part 4 and (or) 12 of Article 71 of the Federal Law № 273-FZ, entering for places within quotas:

From July 28th to July 30th, the stage of priority enrollment is conducted. This stage includes individuals who are admitted without entrance tests in accordance with Part 4 and/or 12 of Article 71 of Federal Law No. 273-FZ, as well as those admitted under quotas.

From August 3rd to August 9th, the main stage of enrollment takes place. During this stage, individuals are enrolled based on the results of entrance tests for the main places within the admission quotas. These places remain after enrollment without entrance tests in accordance with Part 4 and/or 12 of Article 71 of Federal Law No. 273-FZ (hereinafter referred to as the main competitive places).

3) At each stage of enrollment, there is a deadline by which applicants must confirm via the State portal that they have submitted the original documents and that the university has accepted originals from those individuals eligible for enrollment at that stage.

in the priority enrollment stage — July 28;

for the main enrollment stage — August 3;

3.1) conformation via the State portal (acceptance of original documents of the established sample) shall be completed at 12:00 Moscow time on the days established by subparagraph 3 of this paragraph;

4) issuance of enrollment order(s) shall be carried out:

during the priority enrollment stage - July 29 or July 30;

at the main stage of enrollment - not earlier than August 4 and not later than August 9;

5) at each stage of enrollment, TSPU determines the highest priority of enrollment, by which the entrant passes through the competition (hereinafter - the highest priority);

6) at the priority enrollment stage:

a) If the highest priority is the priority of the target quota, the applicant shall be admitted to places within the target quota;

b) in case the highest priority is the priority of other places:

entrant who passes on the competition for the main places within the admission quotas without entrance examinations, is enrolled in the mentioned places;

entrant who does not participate in the competition (does not pass the competition) for the main places within the admission quotas without entrance examinations and passes the competition for places within a separate quota, is enrolled for places within a separate quota;

The entrant who does not participate in the competition (does not pass in the competition) for the main places within the admission quotas without entrance examinations and for the places within the separate quota and passes in the competition for the places within the special quota, is enrolled for the places within the special quota;

c) when one or more combined quotas are allocated, TSPU independently establishes the order of enrollment for places within each combined quota;

7) individuals enrolled for places within a special quota and a separate quota, as well as for places within a combined quota, the places of which belong to a special quota and a separate quota, shall be excluded from the competitive lists for the main competitive places under the admission conditions specified in subparagraphs 1 - 3 of paragraph 7 of the Admission Rules, under which they are enrolled for places within these quotas;

8) in case an applicant enrolled at the stage of priority enrollment wants to be enrolled at the main stage of enrollment to the main places within the admission quotas at TSPU, he/she shall submit an application for refusal of enrollment conducted at the stage of priority enrollment not later than the deadline for conformation via the State portal and acceptance of the original at the main stage of enrollment. Persons who are enrolled at the priority enrollment stage and have not submitted an application for refusal of enrollment until the deadline for conformation via the State portal and acceptance of the original at the main enrollment stage inclusive, are not subject to enrollment at the main enrollment stage;

9) if an applicant who has been enrolled at the priority admission stage wants to enroll at the main stage of admission to the main places within the admission quotas at another higher education institution, they must submit to TSPU an application for withdrawal of the original along with an application for refusal of admission or an application for withdrawal of documents no later than the deadline for confirmation of original document submission via the State portal and acceptance of the original at the main stage of admission;

10) unfilled places within the combined quota shall be used as places of one or more quotas to which the seats of the combined quota belong, by decision of TSPU;

11) the places that are vacated due to the fact that the persons enrolled at the stage of priority enrollment are excluded from enrollment shall be added to the main competitive places.

85. In cases of admission to training for places within the admission quotas for Master's degree programs, in case of admission to training under agreements on paid educational services, TSPU independently establishes the terms of publication of the competitive lists, terms and stages of enrollment.

86. Unfilled places within the quotas are used for the enrollment of individuals applying for the main places within the admission quotas without entrance tests and based on the results of entrance tests.

he event that 87. In case there are unfilled places after the completion of enrollment, TSPU may, based on the competitive lists, conduct additional enrollment for the specified places.

During the additional enrollment for places within the admission quotas for Bachelor's and Specialist programs, applicants may confirm the submission of original documents via the State portal (acceptance of original documents of the established format) starting from August 10. The issuance of orders on enrollment is conducted no later than August 14.

Additional enrollment in Bachelor's degree programs and Specialist degree programs under agreements on paid educational services, Master's degree programs is carried out within the terms established by the order of TSPU, after the decision on such additional enrollment has been made.

Additional enrollment shall be conducted in accordance with the rules established by the TSPU order after the decision on such additional enrollment has been made.

If an applicant who has been enrolled for places within the admission quotas wishes to be enrolled for places within the admission quotas at the stage of additional enrollment in another organization, they must submit to TSPU, no later than the day the submission of original documents via the State portal and acceptance of the original at the stage of additional enrollment, an application for withdrawal of the original along with a simultaneous submission of an application for refusal of enrollment or an application for withdrawal of documents.

88. When enrolling for training under agreements on paid educational services, the established number of places may be exceeded by the decision of TSPU. When making this decision, TSPU enrolls all applicants who have scored at least the minimum number of points or establishes the amount of competitive points required for enrollment (hereinafter - the established amount of competitive points), and enrolls applicants who have scored at least the minimum number of points

and have the sum of competitive points (the sum of points for each entrance test and for individual achievements) not less than the established amount of competitive points.

89. TSPU generates information on admission to training in the form of separate lists for each competition without specifying the surname, first name, patronymic (if any) of applicants, indicating the insurance number of the individual personal account (if any) or a unique code assigned to the applicant, the number of competitive points, the number of points for entrance tests and for individual achievements, the grounds for admission without entrance tests in accordance with Part 4 and (or) 12 of Article 71 of Federal Law No. 273-FZ. The specified information will be posted on the official website on the day of issuance of the relevant enrollment orders and will be accessible to users of the official website for a period of 6 months from the date of their issuance.

XII. Specifics of Admission to employer (government)-sponsored training

90. TSPU shall establish a target quota in accordance with the quota admission for employer (government)-sponsored training established by the Government of the Russian Federation, state authorities of the subjects of the Russian Federation, local self-government bodies³², or the number of places for admission for such training established by the founder.

91. In case of admission to places within the target quota, a single-profile competition is held. In case of a multidisciplinary competition for the main places, the target quota for specialties or areas of training included in the multidisciplinary competition is established in accordance with the preliminary distribution of admission quotas between specialties or areas of training conducted by TSPU.

When calculating the number of specialties and/or areas of training in which applicants simultaneously participate in the competition, all specialties and/or areas of training in which they compete for places within the target quota are considered, regardless of participation in a multidisciplinary competition for the same specialties and/or areas of training.

92. Admission for employer (government)-sponsored training is carried out if there is an agreement on target training, concluded between the applicant and a body or organization specified in part 1 of article 71.1 Federal Law N 273-FZ³³ (hereinafter - the sponsor of (government)-sponsored training), in accordance with the regulation on (government)-sponsored training and standard form agreement on targeted training, established by the Government of the Russian Federation³⁴.

93. When submitting an application for admission to an employer (government)-sponsored training, the applicant shall submit in addition to the documents specified in paragraph 46 of the Admission Rules, the contract on such training (the original contract, or a copy of the contract, certified by the sponsor of such training, or an uncertified copy of the contract with the presentation of its original).

94. In the event that a federal state body has detailed the target quota for a speciality or training direction, in accordance with paragraph 8 of the Rules for establishing a quota for admission to employer (government)-sponsored training under educational programs of higher education funded by the federal budget, approved by the Government of the Russian Federation on October 13, 2020, No. 1681³⁵, by specifying the number of places along with the indication of customers of targeted training (hereinafter referred to as detailed target quota):

TSPU holds a separate competition for each detailed target quota;

the applicant participates in the competition for one detailed target quota in the given speciality or direction of training;

6) children of servicemen, employees of federal executive authorities and federal state bodies in which federal law provides for military service, employees of internal affairs bodies of the Russian Federation, employees of the criminal enforcement system of the Russian Federation who were sent to other states by the state authorities of the Russian Federation and who took part in combat operations in the performance of their official duties in those states.

95.2 The following individuals shall be admitted to places within the separate quota:

1) without conducting entrance tests (except for additional creative and (or) professional entrance tests):

Heroes of the Russian Federation, persons awarded three Orders of Courage;

children of persons specified in subparagraph 1 of paragraph 95.1. as well as children of persons specified in subparagraphs 2-4 of paragraph 95.1. if the said persons, servicemen, employees were killed or received an injury (wound, trauma, contusion) or disease while performing military service

(official duties) during a special military operation (combat operations in the territory of foreign states) or were awarded the title of Hero of the Russian Federation or were awarded three Orders of Courage;

2) according to the results of the USE or entrance tests conducted by TSPU independently, at the choice of applicants - children of persons who took part in a special military operation, children of servicemen, employees sent to other states, except for the children specified in the third paragraph of subparagraph 1 of this paragraph.

95.2.1 The persons referred to in subparagraphs 1, 5 and 6 of paragraph 95.1.1 shall also have priority enrollment rights.

95.3. Those applying for places within a separate quota based on the results of the USE or entrance tests conducted by TSPU independently may:

take general education entrance tests (regardless of whether the applicant has taken the USE);

use the results of entrance tests on the basis of professional education (utilize the results of entrance tests based on vocational education, granted the entitlement to undergo entrance examinations as outlined in paragraph 16 of the Admission Rules.);

use the results of the USE.

The results of general education entrance tests passed in accordance with the second subparagraph of this paragraph, are not taken into account in the admission to places within the special quota, places within the target quota, the main places within the admission quotas, places for training under agreements on the provision of paid educational services, except for the case specified in paragraph 95.4 of the Rules of admission.

95.4. If applicants for places within a separate quota based on the results of the USE or entrance tests conducted by TSPU independently, simultaneously belong to the persons specified in paragraph 17 of the Rules of Admission, the results of entrance tests taken by them in accordance with paragraph 17 of the Rules of Admission are used for admission both for places within a separate quota and for other places.

95.5. Information about persons applying for places within a separate quota, posted by TSPU on the official website and (or) posted on the State portal (lists of persons who have submitted documents, information about the results of entrance examinations, competitive lists, information about enrollment in training, other information posted on the official website and (or) posted on the State portal), is compiled with the indication of a unique code assigned to the applicant, without indicating the surname, first name, patronymic of applicants, as well as without indicating the insurance number of individual personal account.

95.6. Admission to places within the separate quota is carried out at the stage of priority admission. The competitive list for places within the separate quota includes:

a list of entrants not undergoing entrance tests (except for additional creative and (or) professional entrance tests) (hereinafter - competitive list № 1). In the case of additional entrance tests of creative and (or) professional orientation, this list shall include persons who have at least the minimum number of points for these entrance tests;

a list of applicants applying with both the results of the Unified State Exam (USE) and/or entrance tests conducted by TSPU independently, who have attained at least the minimum required points in the USE as well as in these entrance tests (hereinafter Competitive List No. 2).

95.7. Competitive list No. 1 in the case of additional entrance tests of creative and (or) professional orientation shall be ranked on the following grounds:

1) in descending order based on the total competitive points, calculated by summing up the points earned in each additional creative and (or) professional admission test along with points awarded for individual achievements;

2) in case of equality of the total competitive points, priority is given based on the decreasing total of points awarded from additional creative and (or) professional entrance tests. If there's still equality, priority is determined by the decreasing number of points awarded from individual additional creative and (or) professional entrance tests, following the priority sequence established for these entrance tests.

3) If there is equality based on the criteria outlined in subparagraphs 1 and 2 of this paragraph, priority will be given to applicants who have a preferential right as specified in Part 9 of Article 71 of Federal Law No. 273-FZ. Applicants with a preferential right will be ranked higher in the competitive list.

4) in case of equality specified in subparagraphs 1-3 of this clause - on the basis of the preferential right specified in part 10 of Article 71 of Federal Law N 273-FZ (a higher place in the competitive list is occupied by applicants who have a preferential right);

5) in case of equality based on the criteria specified in subparagraphs 1-4 the criteria specified in subparagraphs 1 - 4 of this paragraph - by individual achievements, which are taken into account in case of equality of entrants by other ranking criteria.

95.8. Competitive list No. 1 in the absence of additional creative and (or) professional entrance tests shall be ranked on the following grounds:

1) in descending order of the number of points awarded for individual achievements;

2) in case of equality in the number of points awarded for individual achievements - according to the presence of the preferential right specified in part 9 of the article 71 Federal Law N 273-FZ (a higher place in the competitive list is occupied by applicants who have a preferential right);

3) if there is equality based on the criteria outlined in subparagraphs 1 and 2 of this paragraph, priority will be given to applicants who possess the preferential right specified in part 10 of article 71 of Federal Law No. 273-FZ. Applicants with a preferential right will be placed higher in the competitive list.

4) if there is equality based on the criteria specified in subparagraphs 1 - 3 of this paragraph, priority will be given to applicants based on their individual achievements. These achievements will be considered in cases where applicants are equal in other ranking criteria.

95.9. Tender List No. 2 shall be ranked according to the criteria set out in paragraph 77 of the Admission Rules.

95.10. The enrollment of applicants listed in competitive list No. 2 will be conducted for the remaining places after the enrollment of applicants listed in competitive list No. 1.

95.11. Competitive List No. 1 shall contain the following information:

the unique code assigned to the applicant;

the sum of competitive points (for additional creative and (or) professional admission tests and individual achievements (if any));

the sum of points for additional entrance tests of creative and (or) professional orientation (in case of their realization);

the number of points for each additional admission test of creative and (or) professional orientation (if any);

number of points for individual achievements;

Availability of preferential enrollment rights;

information specified in subparagraphs 4 and 6 of paragraph 79 of the Admission Rules.

95.12. Competitive list No. 2 shall contain the unique code assigned to the entrant and the information specified in the subparagraphs 3, 4 and 6 paragraph 79 of the Rules of Admission.

95.13. Individuals within a separate quota:

1) when applying for admission should indicate that they are:

a) having a title Hero of the Russian Federation;

b) awarded three Orders of Courage;

c) the son or daughter of a person who has taken part in a special military operation or of a member of the armed forces or a staff member deployed to another State;

the son or daughter of a person who died or received a mutilation (wound, trauma, contusion) or disease while performing military service (official duties) during a special military operation (combat operations in the territories of foreign states) or who have been awarded the title of Hero of the Russian Federation or have been awarded awarded three Orders of Courage;

the son or daughter of a person who is not one of the persons referred to in paragraph two of this subparagraph;

2) no later than the day of submission of original documents via the State portal and acceptance of the original at the stage of priority enrollment should submit to TSPU the original document confirming the attribution of the entrant to the number of persons specified in subparagraph 1 of this paragraph.

XIII. Specifics of Admission for Foreign Citizens and Stateless Persons

96. Foreign citizens and stateless persons have the right to receive higher education at the expense of budgetary allocations in accordance with international treaties of the Russian Federation, federal laws, or the quota established by the Government of the Russian Federation for the education of foreign citizens and stateless persons (hereinafter - the quota for the education of foreign citizens), as well as at the expense of individuals and legal entities in accordance with agreements on the provision of paid educational services³⁶.

97. Admission to training within the quota for the education of foreign citizens is carried out in accordance with the directions of the federal executive body responsible for formulating state policies and regulatory measures in higher education. Enrollment within the quota for the education of foreign citizens is formalized by a separate order (orders) by TSPU.

98. Foreign citizens applying for training based on international agreements shall submit, along with the documents outlined in paragraph 46 of the Admission Rules, documents verifying their classification as individuals specified in the pertinent international treaties.

99. Fellow Russian citizens who are living abroad or stateless persons (hereinafter referred to as compatriots) shall submit, in addition to the documents specified in paragraph 46 of Admission Rules, originals or copies of the documents stipulated in Article 17 of the Admission Rules dated May 24, 1999 N 99-FZ «On the State Policy of the Russian Federation with regard to Compatriots Living Abroad»³⁷.

Compatriots are not subject to special rights at admission to study under Bachelor's degree programs and Specialist programs, provided in accordance with the Federal Law N 273-FZ, unless otherwise provided for by an international treaty of the Russian Federation³⁸.

100. For admission to Bachelor's degree programs and Specialist programs under agreements on paid educational services, TSPU independently establishes a list of entrance tests for foreign citizens and stateless persons (hereinafter - entrance tests established for foreign citizens).

In case the number of entrance tests established for foreign citizens differs from the number of entrance tests specified in the paragraphs 15 - 17 admission rules, TSPU independently allocates the number of places for admission based on the results of entrance tests established for foreign citizens and conducts a separate competition for these places.

Foreign citizens and stateless persons may choose to apply for training based on the results of entrance tests established for foreign citizens, or based on the results of entrance tests specified in paragraphs 15 - 17 of the Admission Rules.

101. When submitting documents, a foreign citizen or stateless person shall submit in accordance with subparagraph 1 of paragraph 46 of Admission Rules the original or a copy of a document certifying identity, citizenship, or a document certifying the identity of a foreign citizen in the Russian Federation or the identity of a stateless person in the Russian Federation in accordance with the article 10 of Federal Law dated July 25, 2002 N 115-FZ «On the Legal Status of Foreign Citizens in the Russian Federation»³⁹.

³⁶ Part 3 of Article 78 Federal Law of December 29, 2012, N 273-FZ «On Education in the Russian Federation» (Collected Legislation of the Russian Federation, 2012, N 53, Art. 7598; 2019, N 30, Art. 4134).

³⁷ Collection of Legislation of the Russian Federation, 1999, N 22, Art. 2670; 2013, N 30, Art. 4036.

³⁸ Paragraph 6.1 of Article 17 Federal Law of May 24, 1999, N 99-FZ «On the State Policy of the Russian Federation with regard to Compatriots Abroad» (Collected Legislation of the Russian Federation, 1999, N 22, Art. 2670; 2013, N 30, Art. 4036).

³⁹ Collection of Legislation of the Russian Federation, 2002, N 30, Art. 3032.

XIV. Amendments to the Rules of Admission
